

Before using the product, please review and ensure the following safety instructions are adhered to:

- Never use a 3rd part power cord
- Do not power on the device during installation
- Do not work on the device, connect or disconnect cables when lightning strikes
- Do not expose the product to rain or moisture
- Never install telephone jacks in wet locations unless the jack is specified for wet locations
- Never touch non-insulated telephone wire or terminal unless the telephone line has been disconnected at the network interface.
